

# Join us! Occupy Sacramento!

The rich and powerful are trying to steal America's resources for themselves and destroying the American dream in the process. They have purchased our media. They have purchased many of our state and federal "representatives." They have written and passed legislation that grossly favors the wealthy and corporations over the good of the common citizen:

- Top marginal tax rate for millionaires in 1963: 91%
- Top marginal tax rate for millionaires in 1976: 70%
- Top marginal tax rate for millionaires today: 35%
- The top 1% makes 30 times the average of the first 90%, and 15 times that of the average of the remaining 99% - 3,000% and 1,500% respectively.

*A huge share of the nation's economic growth over the past 30 years has gone to the top one-hundredth of one percent, who now make an average of \$27 million per household. The average income for the bottom 90 percent of us? \$31,244.*

- 44% of Congress people are millionaires.
- With the Supreme Court's *Citizens United v. FEC* ruling, corporations have a "right" to spend unlimited money influencing elections.

But the voice of the people, the voice of Main Street, must not and will not be silenced. You are that voice.

**We will be gathering at Cesar Chaves Park at 10am on October 6th for a peaceful, nonviolent demonstration (9am for legal training). Bring signs, spirit and friends. Join us!** *Updated 10/2/11*
